

SEX.ED.AGRAM

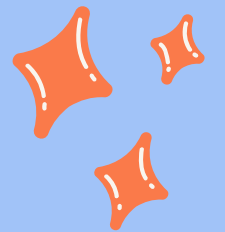

How to Use Canva

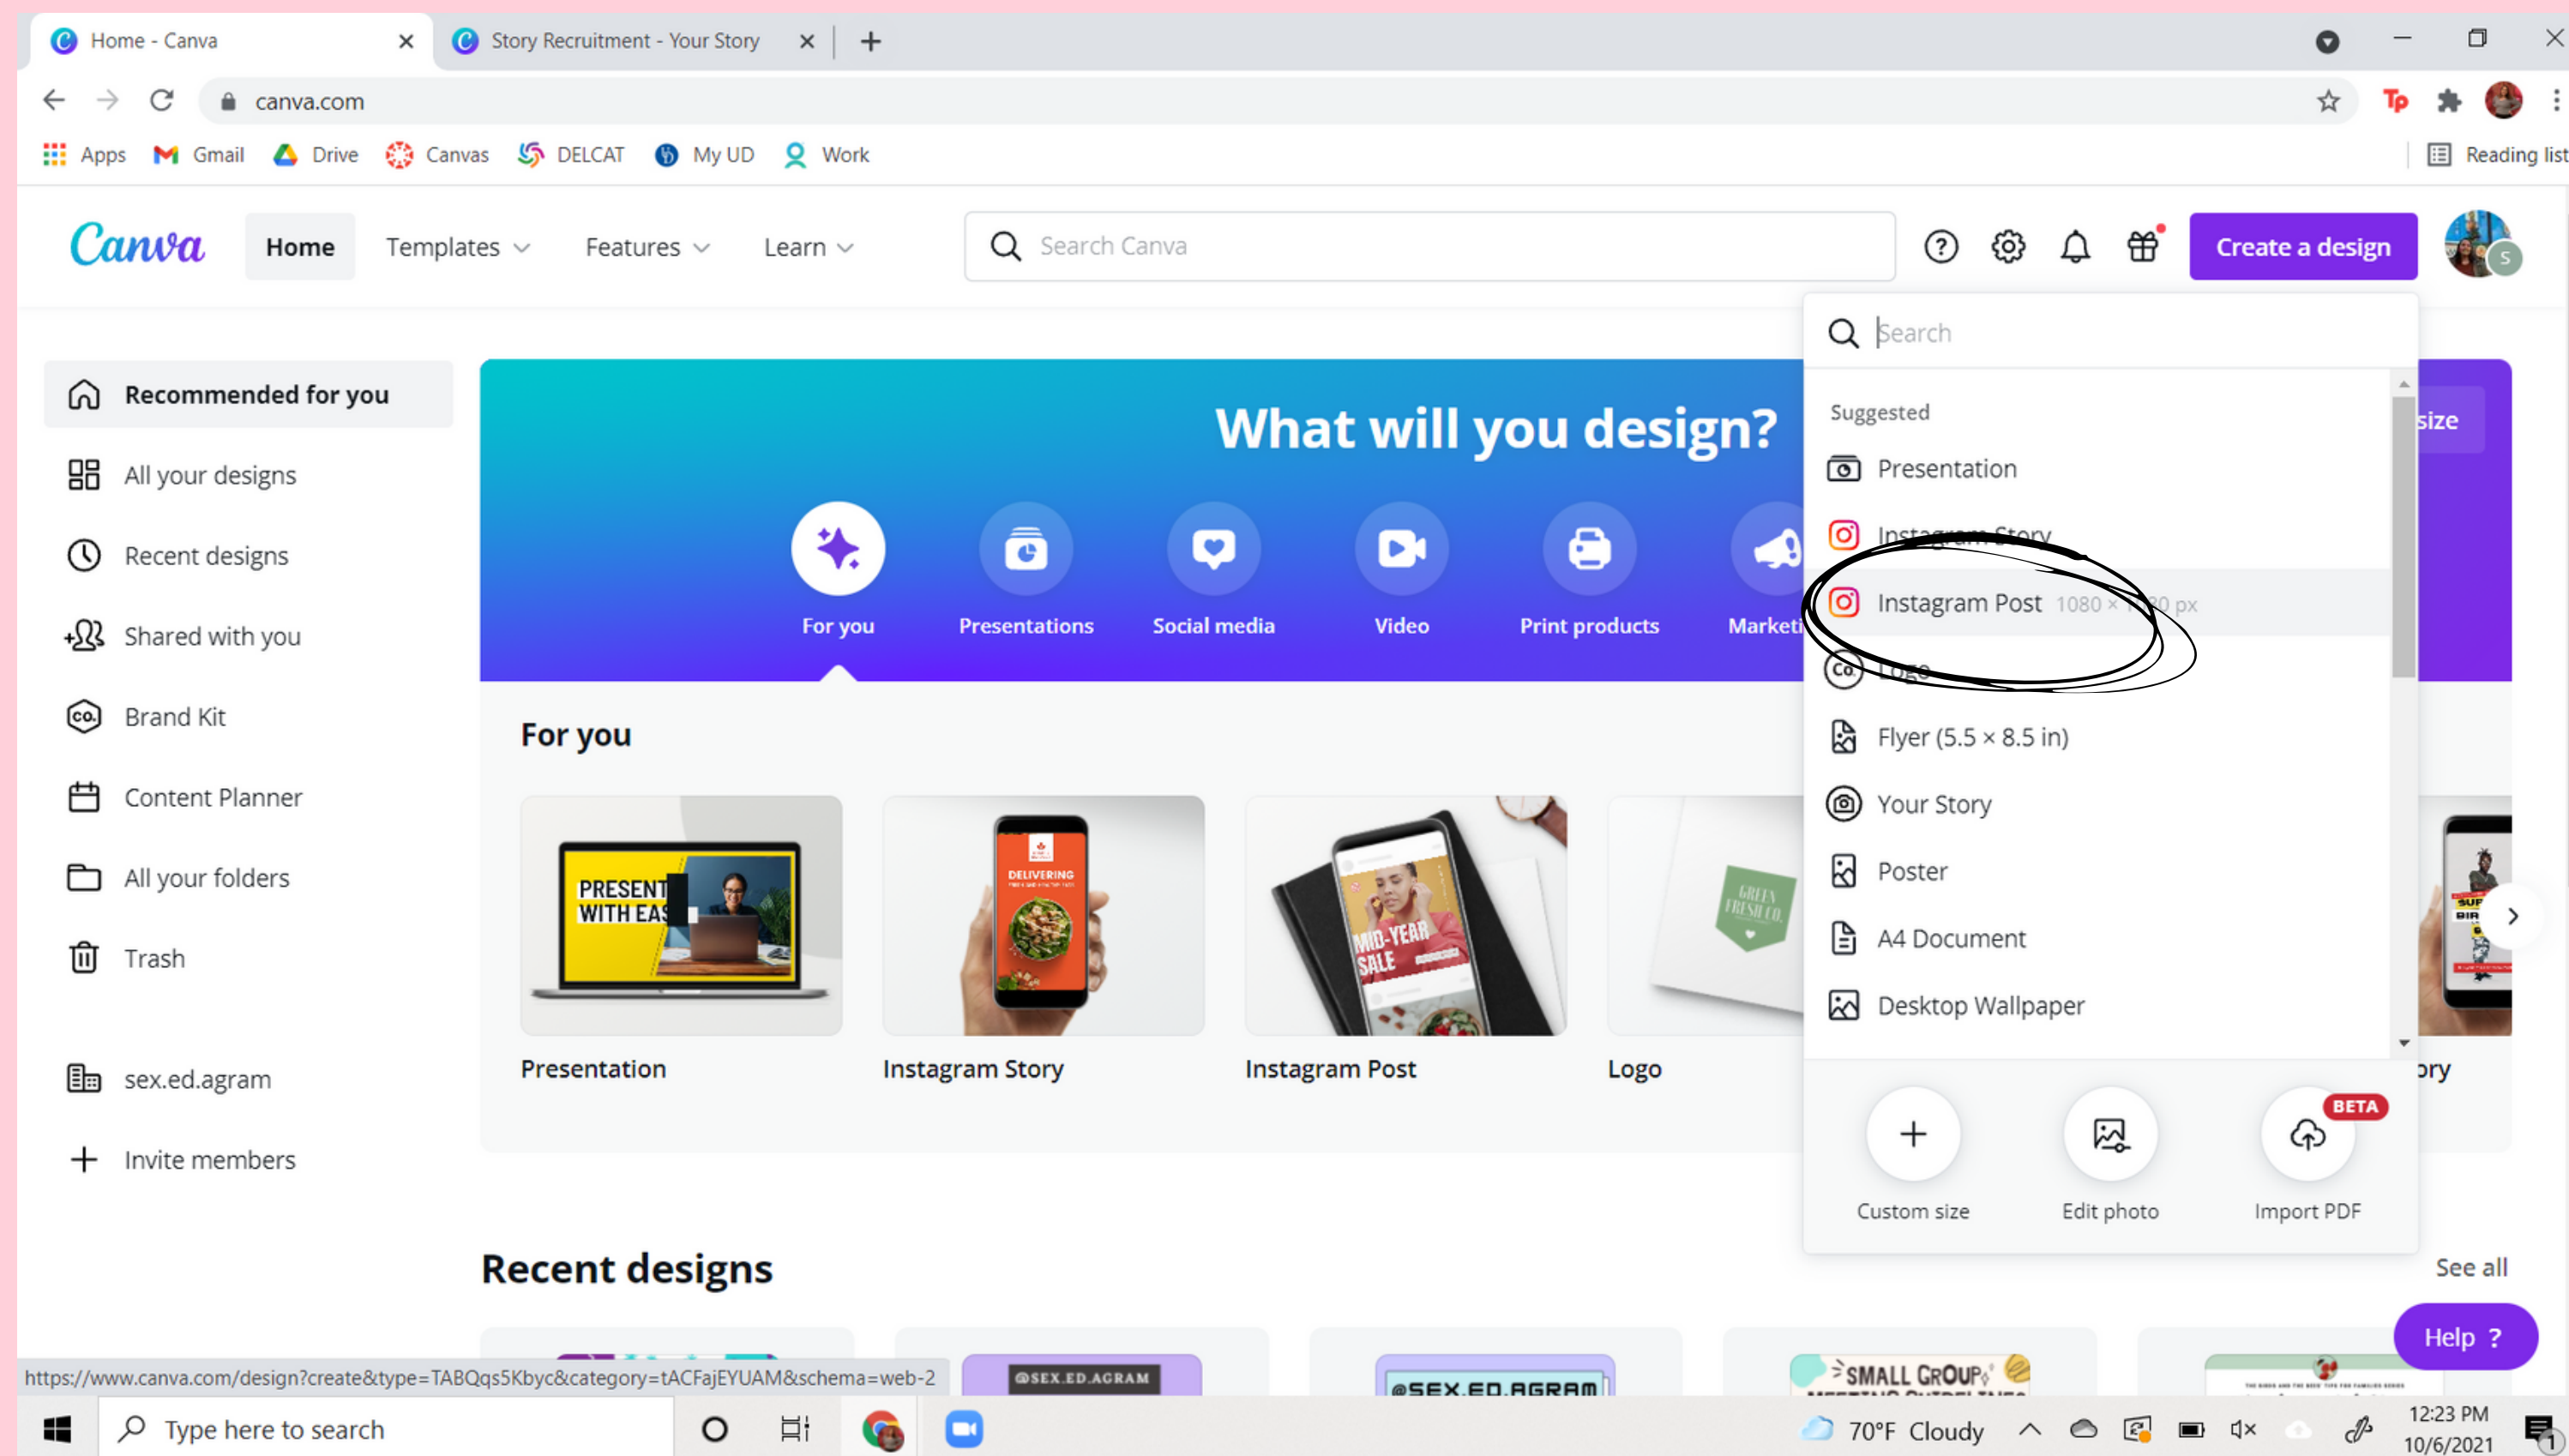

GO TO WWW.CANVA.COM

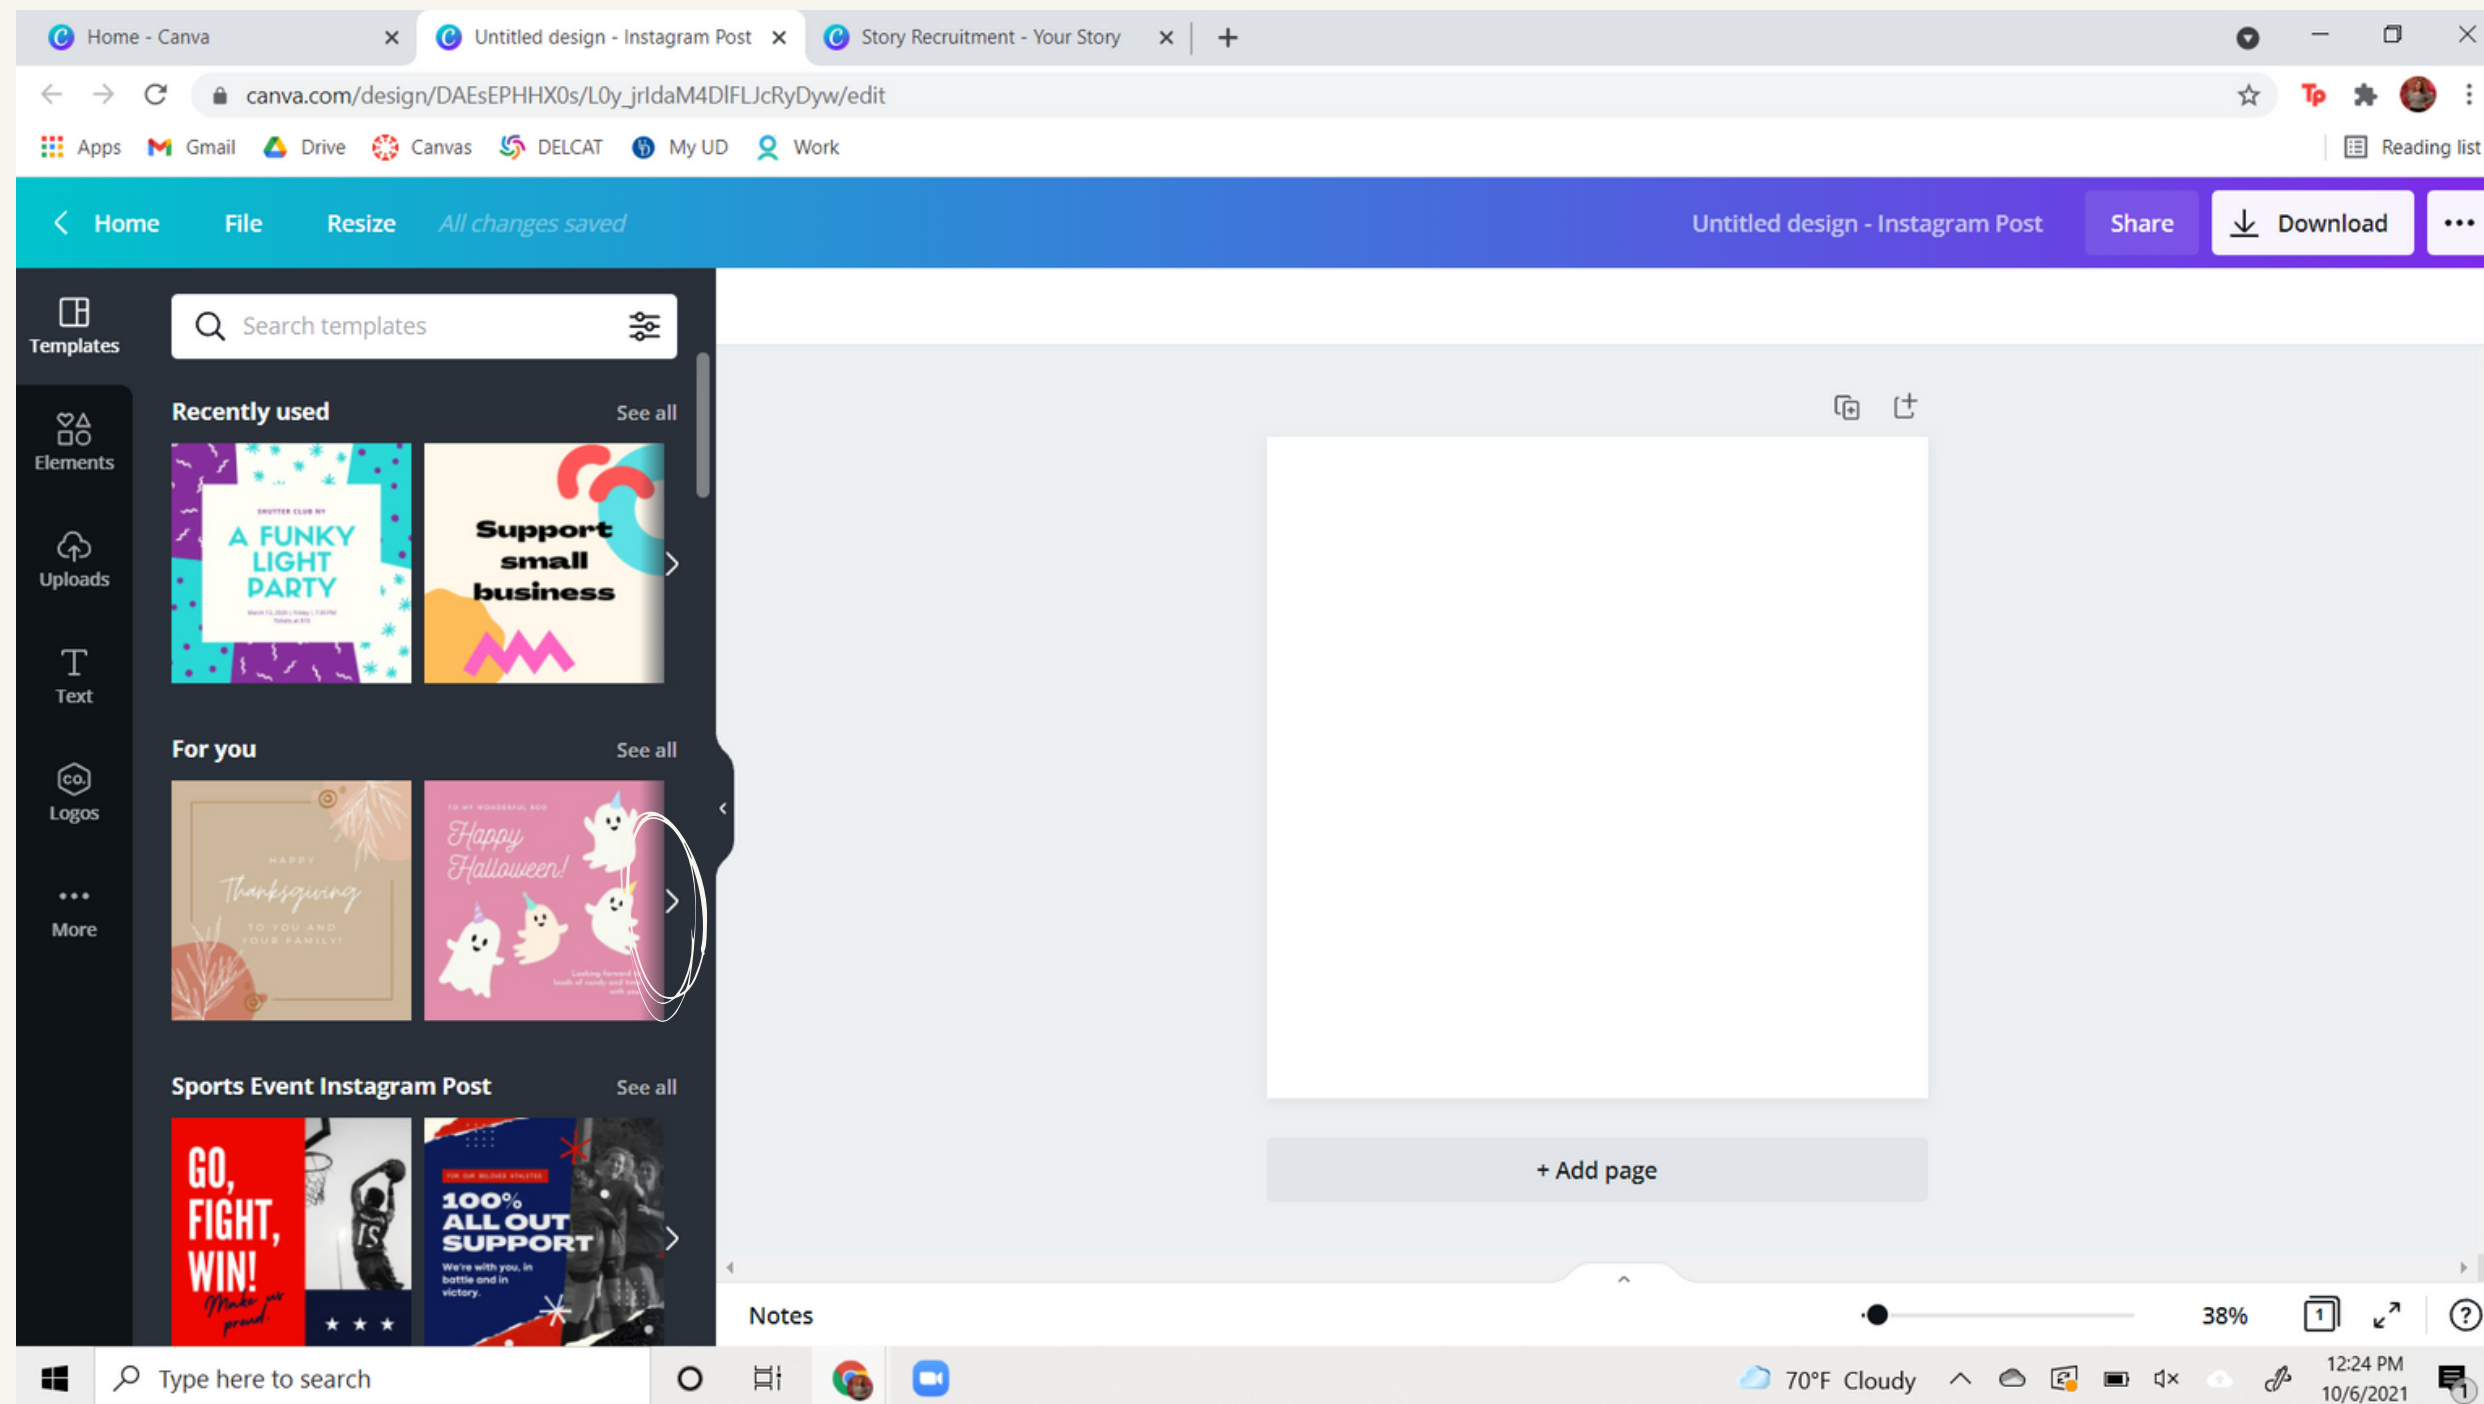

A screenshot of the Canva website interface. The browser window shows the URL 'canva.com' and several tabs. The Canva logo is in the top left, followed by navigation links: Home, Templates, Features, and Learn. A search bar labeled 'Search Canva' is next to them. On the right, there are icons for help, settings, notifications, and a 'Create a design' button. Below the navigation bar, a sidebar on the left lists 'Recommended for you' with options like 'All your designs', 'Recent designs', 'Shared with you', 'Brand Kit', 'Content Planner', 'All your folders', 'Trash', and a list of recent projects including 'sex.ed.agram'. The main area has a header 'What will you design?' with a 'Custom size' button and a row of category icons: For you, Presentations, Social media, Video, Print products, Marketing, Office, and More. Below this, a 'For you' section displays a grid of design templates: Presentation, Instagram Story, Instagram Post, Logo, Flyer (5.5 x 8.5 in), and Your Story. At the bottom, a 'Recent designs' section shows thumbnails of previous work. The Windows taskbar at the very bottom displays the search bar, task view icon, and system tray with weather (70°F Cloudy) and time (12:23 PM 10/6/2021).
